

Drive Vaccine PC Restore Plus

License Activation

Activation Required

Horizon Datasys is committed to the protection of intellectual property rights and the reduction of software piracy. Everyone in the economic chain, not just the software developer, is hurt by piracy, including the reseller, the support provider, and you, the end user.

Drive Vaccine PC Restore Plus contains a software-based product activation technology, which means you must activate your Drive Vaccine PC Restore Plus installations in order to authenticate its license.

Activate Drive Vaccine PC Restore Plus Over Internet Connection

If the computer has Drive Vaccine PC Restore Plus installed is connected to the Internet, you can easily activate Drive Vaccine PC Restore Plus over the Internet connection.

1. Upon the purchase of Drive Vaccine PC Restore Plus, you will receive a licensed Product ID from Horizon Datasys. You can install Drive Vaccine PC Restore Plus with the licensed Product ID and then the license activation will be done automatically by the setup, or if you already have a demo version of Drive Vaccine PC Restore Plus installed, you can activate the demo setup with the licensed Product ID without uninstall and reinstall the program.

2. To activate a Drive Vaccine PC Restore Plus demo setup over the Internet connection, right click Drive Vaccine PC Restore Plus system tray icon and select ABOUT from the popup menu. Click on the Activate button on the ABOUT Window, select "Activate Drive Vaccine PC Restore Plus over Internet connection", click on Next.
3. Copy and paste the licensed Product ID that you received from Horizon Datasys into the product ID field replacing the demo product ID, and then click on the Activate button.

That is it! You will not need to supply any other information for the activation.

* You can only activate the number of installations licensed by the licensed Product ID.

Activate Drive Vaccine PC Restore Plus without the Internet Connection

If the computer has Drive Vaccine PC Restore Plus installed does not have Internet connection, you need to manually activate Drive Vaccine PC Restore Plus with an activation code.

1. To manually activate Drive Vaccine PC Restore Plus, right click Drive Vaccine PC Restore Plus system tray icon and select ABOUT from the popup menu. Click on the Activate button on the ABOUT Window, select "Activate Drive Vaccine PC Restore Plus without Internet connection", click on Next.

2. On the Product Activation Window, you will see a Product ID and an Activation ID, write down those two IDs and send them to Horizon Datasys tech support by fax or phone.
3. Horizon Datasys tech support will reply you with an Activation Code based on the Product ID and Activation ID you provided.
4. Copy and paste the Activation Code into the Activation Code field and then click the Activate button.

That is it! You will not need to supply any other information for the activation.
