

You should carefully read the following sentences for using this software full version.

After Whoitam Image Measurement is installed on a computer it collects the unique hard disk serial number of that computer. The serial number will only change if the computer hard disk is replaced. The serial number is always shown at the bottom of the About window (Main Menu:Help>About Whoitam Image Measurement...), as shown below.

The hard disk serial number is used to generate the activation key, which enables Whoitam Image Measurement to full version. Therefore, if the program is installed on another computer or if the computer hard disk is replaced, the serial number will change and a new activation key will be required to activate Whoitam Image Measurement. You can get three free activation keys in first four years duration. Suppose you had brought at 1/12/2014. Between 1/12/2015 to 1/12/2016 you can get first free key, between 1/12/2016 to 1/12/2017 you can get second free key and between 1/12/2017 to 1/12/2018 you can get third free key. After first 4 years, free activation key period will be expired and you will not be provided any free key. If any of these three keys is not requested in time, that will not be provided later. After we receive your payment (The payment will be done using Moneybookers in order page), hard disk serial number, the email address of your Money-bookers account and free activation keys email address, from your contact via our contact page or direct mail to "support@whoitam.com", we will provide you the key file via your email with a attachment to the full version in 24 hours. Then paste the key in "Whoitam Image Measurement.exe" dir to activate it. Please take special care to enter your email address correctly, because important information (Key file) will be sent to you by this email and clearly indicate all the information in email to us. If you do not receive the activation key in the next 24 hours, please make sure that your spam filters are not blocking our email. All 5.x versions will support the same activation key. So, only download our upgrade version (5.x) from our site run it freely with same activation key. For free key send us the first hard disk serial no. from email that (email address) you provided us when you had brought.
